CornerStone Security
Larry Giuliani
17011 Lincoln Ave Unit 402
Parker, Colorado 80134

Dear Larry,

I wanted to take a moment to thank you for the continued support and service that CornerStone Security has been offering Pirates Cove. It has been a pleasure to work with everyone in your company from billing to installation. Recently you began the monitoring of our fire sprinkler system. The installation was done in both a timely and professional manner. I have learned to appreciate the relationship I have with your company which is unparallel with other security companies.

Early in 2008 I had CornerStone take over our keyless card access system. Larry, you told me how easy and advanced the Brivo system was. I have not been disappointed. I'm now able to log into my account and make changes on any computer with internet access. It has been a blessing to be able to make quick easy changes when a staff member has lost or misplaced their access card. I can rest assured that unapproved access into areas becomes restricted without having to come into the office and navigate a non-user-friendly system.

I look forward to many more years of service from CornerStone and I will not hesitate to continue to add your services when the time comes or to recommend your company to others.

Sincerely,

Brad Anderson
